

Technical Trainee

Location-Gurgaon (India)

Gemini Solutions is a global IT consulting firm and a leading offshore outsourcing company with an expertise in BFSI domain. Founded and owned by IIT Delhi and IIIT Hyderabad alumni, Gemini has grown from 4 people to a mid-sized company of 1000+ members, doubling in the last three years. We are present at 6 locations in India, and in US & Middle East. You are looking at a debt free firm with a 25% CAGR of revenue/profits for past 4 years.

We have expertise across each part of the entire Software Development Life Cycle - Development, Quality Assurance, 24x7 DevOps and also Infrastructure/Manager Services. Today we can boast of experts in 60+ technologies who have successfully delivered globally distributed projects including but not limited to application development, legacy to cloud migrations, tech stack transitions, capacity planning & infrastructure support and end-to-end implementations.

People first approach has been a cornerstone of the Gemini governance philosophy. Our young talent is handpicked from Tier I & II colleges of India. A fresher would undergo over 300 hours of in-depth training and mentoring to make her/him a reliable problem solver. We encourage external certifications for all employees and our in-house Gem University offers over 100 courses across skills and technologies. Here you can choose different ways to lead your growth. We believe businesses can grow with a conscience and succeed with it. We welcome you to our Gemini ecosystem that unites software, education, and community to help businesses grow better.
